This operating procedure does not apply to the use of hand held camcorders or audio/video surveillance devices.

3.24.1 DEFINITIONS

Body Worn Camera (BWC) – Audio/video recording system designed to be worn by an individual officer in accordance with the manufacturer’s recommended method and departmental training.

3.24.2 OFFICER RESPONSIBILITIES

- A. All uniformed officers assigned a BWC, and who are engaged in law-enforcement related activities, will have the BWC affixed to the individual in accordance with the manufacturer’s recommended method and departmental training. Additionally, all plain clothed detectives who are assigned a BWC, when participating in high-risk situations and/or whenever the detective feels there is a need for BWC footage, will have the camera affixed to their person in accordance with the manufacturer’s recommended method and departmental training. The officer/detective will take into consideration different body sizes and gender as to placement of the BWC. It is the responsibility of the officer to ensure the BWC is activated, operating, and positioned to record the events specified in this operating procedure.
- B. When feasible, officers should inform individuals they are being audio and video recorded if the notification could potentially prevent aggressive, uncooperative or adverse behavior.
- C. Prior to the beginning of each shift, the assigned officer shall perform an inspection to ensure the BWC is functional. Each officer shall ensure the BWC’s battery is fully charged when reporting for their tour of duty. This includes the officer working in an off-duty, overtime and extra duty capacity.
- D. Prior to the end of the each work week, officers will categorize each recording in accordance with section 3.24.9 of this policy, along with their name and the incident number when available. Appropriately categorized video will then be uploaded and stored within the FPD on-line evidence storage account at <https://fayettevillepdnc.evidence.com>. Officers have the authority to review any footage that he/she has recorded.
- E. BWC’s are set to ensure accuracy and accountability for use in court. Officers should continually check to ensure the date and time function of the BWC is accurate. If the date/time stamps are not in sync with current date and time, officers are to notify their supervisor immediately and remove the BWC from service. The BWC will then be turned over to the Administrative Bureau Technical Services Video Recording Supervisor to ensure proper repairs/adjustments are made by the appropriate manufacturer.
- F. Routine maintenance and care of the BWC is the responsibility of the individual officer. Officers will ensure the BWC is clean and in proper working order and any operational issues are reported to the officer’s immediate supervisor and the Administrative Bureau Technical Services Video Recording Supervisor.
- G. Any officer who intentionally disables any part of the video recording or transmitting equipment, or who fails to activate the system as required by this operating procedure, will be subject to administrative disciplinary actions. If the failure to activate or stopping the recording is deemed intentional by the officer, a criminal investigation may become necessary.

- H. When not on duty, the BWC shall be stored in a safe location and away from exposure to direct sunlight, moisture or excessive heat.

- B. Ensure all officers follow established procedures for the operation and maintenance of the BWC, the handling of all video/audio recordings, and the completion of all necessary documentation.
- C. Supervisors are responsible for conducting weekly BWC video reviews of all officers under their supervision to ensure FPD employees' behavior and performances are in compliance with established policy and procedures. This review should consist of a minimum of two videos per officer per month. Additionally, these reviews will be included during Quarterly Biased Based Policing Reviews. However, video files are available for review by supervisory staff at all times.
- D. Ensure any video associated with any citizen compliant or internal investigation is properly categorized by the end of the officer's shift.

- A. All contacts and activities other than those noted as mandatory are considered optional and may be recorded at the discretion of the individual officer and all recordings should continue without interruption until the contact ends, if feasible.

Additional arriving officers equipped with a BWC should activate their cameras upon arrival to an incident requiring a recording.
- C. Unless present in an official police capacity, the BWC should not be used in bathrooms, locker room, or other place where there is an expectation of privacy.
